

Easily integrate with *Xero*

Learn more about our
Xero integration.

Bidirectional sync

Connect Expensify to Xero for an automatic data sync between platforms.

Easy expense coding

Import your Xero expense accounts, tax rates, tracking categories, and customers.

Corporate card reconciliation

Expensify automatically syncs card transactions to receipts, making reconciliation a breeze.

Supplier matching

Expensify auto-matches expense merchants to your Xero suppliers on export.

Custom export options

Export out-of-pocket expenses as bills, and company cards as card transactions.

Full mobile control

Manage every Xero integration setting from the Expensify mobile app.
